DA&DII – Assignment

Title:

Creating a Weebly Web Site

Body:

Web sites are taking over the world. As WYSIWYG is old we now have moved to HTML 5 and CSS at a great speed.

Assignment:

1. Create a web site called future-tech on the weebly web site
2. I will assign you a username and password
3. All content must appropriate in accordance with student handbook policies.
4. You will have four pages to your site
 - a. Home
 - b. Past
 - c. Present
 - d. Future
5. Research technology for each era, concentrating on nano-technology as the future technology content.
